Dear Ms. Holt,

The 2001 Bluebonnet Festival was a huge success. I was amazed at the number of visitors that attended and thankful that all went well.

On behalf of the Chappell Hill Historical Society, I want to thank you for the radio time for the Bluebonnet Festival. Your participation was very important to our success.

Again, thank you. I hope you will consider assisting us again.

Sincerely,

My friend and I made the foolish mistake of traveling west from Mobile, AL Friday night and Saturday. We were stuck in Houston on I-10 West for 7 hours before being able to turn around and head back home.

We stopped on your station while scanning through trying to find current traffic/weather information. You're guys were incredible!!! We tuned in at around 4:00 a.m. Saturday morning and continued listening throughout the day. They stayed on the air giving up-to-date traffic and weather info, keeping citizens and stupid travelers like us apprized of the situation. We had called the Louisiana and Texas State Troopers offices before leaving home and they said all was clear and come on.... Boy, were they wrong. If we had tuned in to your station earlier, we probably would not have made the trip on in to Houston.

I just wanted to take the time to say thank
you and job well done.

I never dreamed you would send a tape of "The Alamo" by Marty Robbins to me! I have been looking for this tape for two years - - asking at music stores, etc. Thank you so much for going the extra mile and sending a copy of the song to me. I played it for my social studies classes and also told them to listen on March 6th to hear it played on KILT. They thought the song was really neat after learning the stories about the Texas Revolution and the brave people involved. Thank you for being such a patriotic station!! And thank you again for the tape !!!

I wanted to express my thanks to KHJZ for carrying the memorial service to the Columbia Astronauts live in it's entirety today. I had to pick up my son at IAH just after 1:00 pm and was not able to watch the service on television. Because of your coverage, I was able to listen to the service during my drive to the airport. I really enjoy your programming. Keep up the good work.

Thank you for the information regarding the foundation. I am pleased KHJZ was able to help get the word out about your "Tribute to America's Music" fundraiser when Joe Sample came by the station a few weeks ago.

Considering KHJZ is only a few months old, we have a strong commitment in serving the Houston community and are glad we could help with your event.

Please let me know if we can again help you in the future.

Maxine, Laura,

At Chris Tucker's request I am sending you some information concerning the Conrad Johnson Music and Fine Arts Foundation. The pages attached here were part of a brochure printed for our recent fundraiser (A Tribute to America's Music, Jan 19, 2003). They include a cover letter from our President (Artie Onayemi) a biography of Conrad, the Foundation mission statement, the program itself, and a list of sponsors who supported us in putting on the fundraiser. We look forward to working with you...

Dear Friends at KKK

I would like to take this opportunity to thank KKK for helping sponsor the truck I won for Grand Champion Commercial Steers. I ended up getting a car because it will be easier to park at college. With out your help and support, this show would not be possible. Again, thank you. KKK is very much appreciated.

It is with the greatest amount of gratitude that the staff of the River Oaks Music Festival want to thank you and your staff for the help that you provided to us in making this fourth year of the Festival a success. Without you, we would never have been able to accomplish so much.

Dear Pat:

Thank you for taking time away from your family this past Saturday and especially thank you for your input in shaping the future direction for the American Diabetes Association.

As Dan stated, we will be drafting goals and strategies from the meeting and provide them to you and the ADA's leadership for clarity and refinement. After that we will bring the final draft to the September Council Meeting for it's review and approval.

Your input and that of everyone in attendance will lay the foundation for us to make a significant impact against the fight with Diabetes over the next several years

Thank you for making a difference!

Dear Ms. Simpson & Ms. Morris,

On behalf of the Texas Boys Choir, I wish to thank you for your donation to the *Taste of Culture Gala's* silent auction. This acknowledgement is long overdue. We waited to send the letter until we could enclose the newsletter in which your Station's name appears.

The \$25,000 raised from this event benefits not only the Boys Choir but also its new charter school, Fort Worth Academy of Fine Arts (FWAFA). Your gift was very generous and very much appreciated.

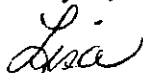

<u>Item(s) Donated</u>	<u>Fair Market Value</u>
▪ Gift Certificate to Pappas Restaurant	\$100.00

(No goods and services were received by the donor in exchange for this donation.)

Our event grows each year in excitement and money raised. This year boasted a record number of attendees. There were more than 250 people enjoying the talent of all three Choirs, sampling a variety of international cuisine and bidding in our wonderful silent auction, which raised more than \$10,000.

As we gear up for another year, we want to tell all of our supporters how much we appreciate your generosity. Your donation was crucial to our success this past year. The future is exciting as we enter our second full year of instilling the love of the arts in a new generation of young men and women in our community. We hope you will consider participating again next year.

Dear Bill and Marc,

How can we begin to thank you for the great promotional interview that you gave the American Cancer Society on Wednesday morning? We are so grateful for the opportunity to tell your listeners about our Relay For Life events as well as the Jamba Juice Fundraiser.

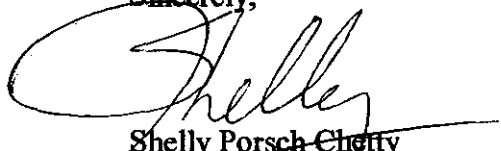

Response to Jamba Juice's Free Smoothie Celebration was up considerably from last year, and we have you to thank for helping make that possible. The verdict is still out on Relay -- but we're anticipating some great events.

Bill, thank you for arranging the interview and working our issue into the program line up. And Marc . . . your interview with Cathy was absolutely the greatest. You showed a true spirit of community and a concern for cancer issues ON TOP of promoting our events. We especially appreciate your emphasis on Cathy's commitment as a volunteer. Our volunteers ARE our organization.

We'd like to invite you to come join us at any of the Relays. You report so well and so thoroughly on athletes and sports enthusiasts --- but cheering on a group of cancer survivors on in their victory lap at an American Cancer Society Relay For Life adds a new and very emotional dimension to victory.

Again, we thank you for your support.

Bill,

Our volunteers heard the PSA on your station promoting the American Cancer Society's Texas Golf Pass... and we are all thrilled with your support. Thank you!

The economy has taken a real toll on Pass sales this year, so we need your help more than ever. All proceeds go toward our mission of eliminating cancer as a major health problem, and the pass is a great bargain -- even if golfers only use it once or twice.

Again, Thank you for your help. Please keep promoting the Golf Pass when you can. Warmest regards

Hey guys! Thanks to my husband, I am a huge fan of the morning show and look forward to all the Texan's news and updates, especially the Monday and Friday phone call from David Carr. I was touched to hear at the very end Carr's campaign to raise awareness and funds for Breast Cancer research. I think I speak for all the female listeners when I say how wonderful it is to know that a sports radio station, typically geared towards male listeners, is supporting something that effects so many people in various ways, male or female.

I was wondering if it would be possible to mention sometime during the show that September is National Ovarian Cancer Awareness month. This silent killer takes the lives of 14, 000 women, including the life my mother. Since it is known as the "silent killer" symptoms usually become unnoticed until the late stages. Ovarian Cancer does not get the same exposure for awareness as other cancers and every little bit helps. I will understand if such an announcement cannot be made due to any type of restrictions you have on these types of issues, and I very much appreciate your attention and your campaign for Breast Cancer awareness.

Thanks so much!

Dear Lauren,

I've finally received all the thank-you letters from the boys, enclosed herewith. I knew that in some instances it would be like extracting teeth! Please be assured that their lack of enthusiasm for writing thank-you letters in no way is indicative of their enthusiasm for the tour--they loved it!! I know several have become KILT listeners and are Secret Sound fans, with visions of the big \$\$ dancing in their heads. With the prize now at \$20,000.00, I'm a pretty good listener myself!

I've also enclosed a copy of the Howl articles written by two of the boys and for which they won their Junior Journalist badges. There are on the same page excerpts from some of the other boys' articles. I have blacked out the photos; Pack 55 policy does not permit dissemination of the boys' photos.

Again, my sincere thanks for giving us a great tour of Infinity Broadcasting and helping the boys on their way to their Webelos badges and, in time, their Boy Scout ranks.

Yours,

Dear Ms. Lauren Wilson,

Thank you for giving my den, the Cavaliers, and me that magnificent tour of the radio stations. I enjoyed listening to the mystery sound. It was so cool when that person said something into the microphone that was played backwards and really fast. Visiting and getting to hear all the people talk about their jobs was great. I know I enjoyed myself and I know my den did too.

Sincerely,

Carr Cody

Dear Ms. Wilson,

Thank you for taking our Den 13 on a tour of the radio stations. I had a very fun time and learned a lot about communication. I never knew that there was so much activity in the four stations. I really liked the tour behind the scenes at Infinity Broadcasting. This tour helped us get our Communicator Pin.

Sincerely,

Daniel Flowers, III

Dear Ms. Wilson:

Thank you for the tour of the radio station. The part I liked best was when somebody played the secret sound. I also liked watching the girl DJ work while we were in the broadcast room.

Dear Ms. Wilson:

Thank you for the tour. I like the secret sound. I couldn't believe that Mrs. Lee's phone went off live during the broadcast. I liked the Infinity Broadcast building.

Thanks Again,

Jack Kempner
